- Removable attraction panel lets jet fighter fit into any location.

JET FIGHTER

Mach II Action

Jet Fighter is a brand new air combat game, the latest from Atari, #1 in video games.

Jet Fighter puts your players in the middle of a split-second one-on-one air battle, your customers in the stratosphere of higher profits.

Highflying Features

Exclusive Atari performance features and built-in appeal let you seek and destroy the competition with higher nets, more location action.

Realistic joysticks, fire control buttons put each player in his own cockpit, his own real aircraft.

Large 19" monitor, bright scratch-resistant graphics, easy-to-read interchangeable 1 or 2 player instruction panels make Jet Fighter attract players wherever it is. A specially designed removable attraction panel with long-lasting fluorescent lighting lets you visually tailor Jet Fighter to fit any location.

Two coin chutes (25¢ or 50¢ for two players).

Hinged cash door for easy access to collections.

Locking cashbox means no-loss security.

Long range strike capability. Jet Fighter is built

and engineered to stay in the air. Dataquest™ tested, solid-state circuit reliability means minimum down-time, less frustration for players and your customers.

Jet Fighter's components are enclosed in a rugged vinyl clad cabinet. The front panel is hinged for easy access to controls. The TV monitor and printed circuit boards are accessible through the back panel for fast maintenance.

Specs: Height 52 1/2" (132.4cm) Width 23 3/4" (60.3cm) Depth 25 1/4" (64.1cm) Shipping Weight 205 lbs. (93.07 Kg.)
